

ASHRAE Meeting Parking 2013-2014

Dear ASHRAE members:

As you may have noticed in our newsletter and membership meeting announcement for next week, we have changed our monthly membership meeting venue to the Plaza Club located in downtown Honolulu. Our original location at Da Kitchen (St. Louis Club House) has been closed down and we were forced to find another venue. The Plaza club is a great setting for our membership meetings and offers private meeting rooms with excellent acoustics and great sunset views for our monthly meetings. It is also centrally located for many who work in downtown and in the Kaka'ako/Sand Island/Mapunapuna area.

However, the only drawback of having our meeting at this location is the parking. Being that the meeting is after 5 pm, there are many options for parking in downtown that are inexpensive. Two lots that are very close to the Plaza Club include the Harbor Court garage and the Oceanit Center Garage. I have provided a map showing these parking lots below. There will be a short walk from these garages to the Plaza Club meeting location.

Please also be aware of maximum clear ceiling heights in the garages if you are bringing trucks.

We hope this doesn't inconvenience you too much and we look forward to seeing you at our first meeting next week on Thursday, September 12th! It will be a fantastic program.

Best Regards,
Barry Jim On

ASHRAE Hawaii President 2013-2014

ASHRAE MEETING PARKING

InSynergy Engineering, Inc.
Oceanit Center Parking
Garage
Entrance on Queen Street
\$5.00

Harbor Court
55 Merchant Street
Entrance on Bethel Street
\$3.00
